To Whom It May Concern

I am pleased to write this letter of recommendation for Manpreet Singh, a student who has been part of my CIS 145 (Web Publishing), CIS 221 (Principle of Info Sys Security) and CIS245(Intermediate Web Programming) classes in the Computer Information Systems Undergraduate program at the Fraser Valley, India, Chandigarh. As his professor, I have had the opportunity to observe his academic and personal growth.

During his time in my classes, Manpreet showed a keen interest in technology and programming. He has consistently displayed a strong work ethic, excellent analytical skills, and a keen interest in the field of software development. He consistently impressed me with his attention to detail and ability to think critically, and his ability to work independently or collaboratively with others.

Aside from his technical skills and academic prowess, Manpreet stands out as a kind and caring individual who genuinely looks out for others. He consistently demonstrates his willingness to help and guide his classmates, making himself available to clarify any difficult concepts they may encounter.

In addition to his impressive work ethic, Manpreet is known for his positive attitude and approachable demeanour. He is a hard worker who approaches his tasks with a smile on his face, making him well-liked and respected by his peers. Overall, Manpreet is a well-rounded individual who possesses an excellent blend of technical skills, academic achievements, and personal qualities.

I am confident that Manpreet has the drive, intelligence, and personal qualities to excel in any academic or professional pursuit he chooses. His dedication, work ethic, and passion for software development make him an excellent candidate for any program or opportunity related to this field. I highly recommend Manpreet and am certain that he will make a valuable contribution wherever he goes.

I extend my best wishes to Manpreet for his future endeavours. Please do not hesitate to contact me at [deepinder.kaur@ufv.ca](mailto:deepinder.kaur@ufv.ca) if you require any further information.
